Business Growth Activities Themes And Voices:

Business Growth Mona Ericson,2007 A Narrative Approach to Business Growth Mona Ericson,2010-01-01 The book aims to open up previously marginalized perspectives in research on growth through this incorporation of storytelling one of the most fundamental features of human life Thus the concepts of business growth and entrepreneurial activity described in this book are brought to life for the student scholar and reader in a way that more conventional analyses cannot achieve The author also uses the concept of plot as a means to interconnect practitioners growth related activities and concomitant changes The firm becomes a living and evolving concept rather than a singular unit to be studied A Narrative Approach to Business Growth offers a detailed case study that illustrates the value of this increasingly important approach to the study of business growth The rich empirically oriented material in this book allows the reader to make sense of learn about and vicariously experience a variety of growth activities and their dynamic relationships Scholars and students of business growth entrepreneurship and strategy will find this book compelling and eye opening **Small Firm Growth** Per Davidsson,Leona Achtenhagen,Lucia Naldi,2010 Small Firm Growth comprehensively reviews the empirical literature on small firm growth to highlight and integrate what is known about this phenomenon and take stock of what past experiences of researching this area implies for how the phenomenon can or should be studied in future research *Cambridge Handbook of Strategy as Practice* Damon Golsorkhi,Linda Rouleau,David Seidl,Eero Vaara,2010-08-26 The Cambridge Handbook of Strategy as Practice provides a comprehensive overview of an emerging and growing stream of research in strategic management An international team of scholars has been assembled to produce a systematic introduction to the various epistemological methodological and theoretical aspects of the strategy as practice approach This perspective explores and explains the contribution that strategizing makes to daily operations at all levels of an organization Moving away from a disembodied and asocial study of firm assets technologies and practices the strategy as practice approach breaks down many of the traditional paradigmatic boundaries in strategy to investigate who the strategists are what strategists do how they do it and what the consequences or outcomes of their actions are Including a number of detailed empirical studies the handbook will be an essential guide for future research in this vibrant field *Moral Human Agency in Business* Mona Margareta Ericson,2018-01-25 Amidst concerns about unethical practice in the business world this book focuses on moral human agency in strategy as practice **Mergers and Acquisitions** Helén Anderson,Virpi Havila,Fredrik Nilsson,2013 A merger or an acquisition is usually a challenging endeavor which aims to create value for the owner However stakeholder theory shows how such a narrow and one sided focus is detrimental to value creation in general not only for other stakeholders within and outside the organization but also for the owner This book shows how different stakeholders internal and external may play a critical role during a merger or an acquisition process It builds on empirical examples that illustrate how various stakeholders play active roles throughout the different phases and ultimately affect the outcome and

the value formation process of the merger or the acquisition

Self-Reinforcing Processes in and among

Organizations J. Sydow, G. Schreyögg, 2013-01-11 Management and organization research has rediscovered individual agency innovation and entrepreneurship As such there is a risk of overlooking the power of self reinforcing processes in and among organizations This volume redirects attention to these processes including escalating commitment organizational imprinting and path dependence

An Alternative Approach to Family Business Ericson, Mona, 2021-10-12 This insightful and innovative book proposes a new theory of socio material weaving for studying and understanding family business It dissolves the family business into activities constituted of the sociality of human interactions and relations and interwoven with materials that extend in both a bodily lived and spatial existential sense
