Sexuality Virginia Rutter,Pepper Schwartz,2012 Rev ed of The gender of sexuality Pepper Schwartz Virginia Rutter Thousand Oaks Pine Forge Press c1998 **Gender and Families** Scott Coltrane,Michele Adams,2008-05-21 When we talk about family values like whether children need two parents we are also talking about gender values because a yes answer to this question might imply that only women with husbands should have children In the same way when we talk about gender issues such as whether men should be paid higher wages than women we are also talking about family issues because a yes answer suggests that husbands should be the family breadwinner In this updated second edition of Gender and Families Coltrane and Adams continue to demystify the complexities and connections between gender and family in contemporary culture with discussions of race ethnicity and social class The Gender of Crime Dana M. Britton,Shannon K.

Jacobsen,Grace E. Howard,2017-08-03 The Gender of Crime introduces readers to how gender shapes our understanding of every aspect of crime from defining what crime is to governing how crime is punished The second edition of this award winning book maintains the accessible reader friendly narrative of the first edition with key updates and new material throughout including increased focus on the intersections of race class gender and sexuality in crime and punishment more attention to LGBTQ issues additional coverage of gender and crime on college campuses and more This dynamic and provocative book illustrates how gender is central to the definition prosecution and sentencing of crimes that it shapes how victimization is experienced and understood and how it structures the institutions of the criminal justice system and the experiences of workers within that system The Gender of Crime demonstrates that crime victimization and crime control are never generic they are instead produced and experienced by gendered and raced and classed and sexualized actors within contexts of social inequality This book highlights key concepts and encourages readers to think through a range of compelling real life examples from school violence to corporate crime The second edition of The Gender of Crime is essential reading for students of gender and sexuality sociology criminology and criminal justice
