Asian Furniture A Directory And Sourcebook:

Asian Furniture Peter Moss, 2007-09-25 An attractive overview and peerless reference source on Asian furniture design through the centuries Western style furniture was a relatively late arrival in Asia where climates and lifestyles were markedly different from those in Europe But colonial incursions and the exigencies of history conspired to bring about profound changes and furniture design in Asia blossomed into a major decorative art Each of the eight countries covered here China India Indonesia Japan Korea Thailand Tibet and the Philippines developed its own particular designs as unmistakably distinctive as its flag or anthem Rather than simply succumbing to practical necessities Asian designers created pieces of furniture as works of art Today these diverse pieces are treasured by collectors worldwide from Manhattan lofts to Parisian apartments as well as in the countries where they originated The examples featured in this book were drawn from private collections antique dealers and museums around the world and are organized by country and then by type chairs armoires tables chests and more Each piece has been specially photographed and is described in detail and the relations between the various periods and styles are explored The texts have been written by experts from the eight countries represented here

Art Market Research Tom McNulty, 2013-12-27 This book is for art market researchers at all levels A brief overview of the global art market and its major stakeholders precedes an analysis of the various sales venues auction commercial gallery etc Library research skills are reviewed and advanced methods are explored in a chapter devoted to basic market research Because the monetary value of artwork cannot be established without reference to the aesthetic qualities and art historical significance of our subject works two substantial chapters detail the processes involved in researching and documenting the fine and decorative arts respectively and provide annotated bibliographies Methods for assigning values for art objects are explored and sources of price data both in print and online are identified and described in detail In recent years art historical scholarship increasingly has addressed issues related to the history of art and its markets a chapter on resources for the historian of the art market offers a wide range of sources Finally provenance and art law are discussed with particular reference to their relevance to dealers collectors artists and other art market stakeholders
