Asking For The Earth Waking Up To The Spiritualecological Crisis:

Asking for the Earth James George, 2002 Asking for the Earth was first released in 1995 after the author led the international mission to Kuwait to assess damages from Operation Desert Storm This book is even more timely today as we face the possibility of further warfare and destruction James George presents the convincing argument that our planet is suffering from twin crises ecological and spiritual with a common source in our deep separation from nature and from each other Inspired by the teachings of Gurdjieff Thomas Merton Tibetan Buddhism and other contemplative traditions the author shows that to avoid disaster we must wed scientific truth to an awakening of consciousness and acceptance of responsibility

Gurdjieff: The Key Concepts Sophia Wellbeloved, 2013-04-15 This unique book offers clear definitions of Gurdjieff's teaching terms placing him within the political geographic and cultural context of his time Entries look at diverse aspects of his Work including possible sources in religious Theosophical occult esoteric and literary traditions the integral relationships between different aspects of the teaching its internal contradictions and subversive aspects the derivation of Gurdjieff's cosmological laws and Enneagram the passive form of New Work teaching introduced by Jeanne de Salzmann **Gurdjieff** John Shirley, 2004-03-30 A dramatic and literate introduction to one of the twentieth century's most influential and intriguing spiritual teachers Born in the shifting border between Turkey and Russia in 1866 G I Gurdjieff is a man who would continually straddle borders between East and West between man and something higher than man between the ancient teachings of esoteric schools and the modern application of those ideas in contemporary life In many respects from the concept of group meetings to the mysterious workings of the enneagram to his critique of humanity as existing in a state of sleep Gurdjieff pioneered the culture of spiritual search that has taken root in the West today While many of Gurdjieff's students including Frank Lloyd Wright Katharine Mansfield and P D Ouspensky are well known few understand this figure possessed of complex writings and sometimes confounding methods In Gurdjieff An Introduction to His Life and Ideas the acclaimed novelist John Shirley one of the founders of the cyberpunk genre presents a lively reliable explanation of how to approach the sage and his ideas In accessible dramatic prose Shirley retells that which we know of Gurdjieff's life he surveys the teacher's methods and the lives of his key students and he helps readers to enter the unparalleled originality of this remarkable teacher Globalization & Identity Majid Tehranian, B. Letters to Vanessa Jeremy Hayward, 1997-09-02 The world we inhabit is enchanted every tree rock and star and even empty space itself is teeming with living energy and awareness And it s all nearer to us than our own breath Why then can t we see it Because according to Jeremy Hayward we are taught not to And because our cultural conditioning keeps us in denial about the fact that a strictly scientific worldview provides only a partial and unsatisfactory view of reality Letters to Vanessa is the guidebook for a generation caught in the crunch between the hard realities of science and the genuine yearning for an experience of the sacred In a series of letters addressed to his teenage daughter Dr Hayward points the way past the limits of science and shows how we can connect with the magical multidimensional universe of soul Along the way he presents the most recent findings of neuroscience cognitive psychology new biology and physics in a most engaging and understandable way He also provides practical meditation instructions that will enable everyone to reconnect with the joyous reality of ordinary life
