Linda B. Nilson

Asking The Right Questions A Guide To Critical Thinking 9th Edition:

Environmental Communication. Second Edition Richard R. Jurin, Donny Roush, K. Jeffrey Danter, 2010-07-20

Environmental professionals can no longer simply publish research in technical journals Informing the public is now a critical part of the job Environmental Communication demonstrates step by step how it is done and is an essential guide for communicating complex information to groups not familiar with scientific material It addresses the entire communications process from message planning audience analysis and media relations to public speaking skills a good communicator must master for effective public dialogue Environmental Communication provides all the knowledge and tools you need to reach your target audience in a persuasive and highly professional manner This book will certainly help produce the skills for environmental communications sorely needed for industry government and non profit groups as well as an informed public Sol P Baltimore Director Environmental Communications and Adjunct faculty Hazardous Waste management program Department of Chemical Engineering College of Engineering Wayne State University Detroit Michigan All environmental education professionals agree that the practice of good communications is essential for the success of any program This book provides practical skills for this concern Ju Chou Associate Professor Graduate Institute of Environmental Education National Taiwan Normal University Taipei Taiwan

The Practitioner's Path in Speech-Language Pathology Wendy

Paper-Bernstein, 2017-11-01 The Practitioner's Path in Speech Language Pathology The Art of School Based Practice bridges the gap between theory and practice evidence based practice and practice based evidence and the science and artistry of speech language pathology This book takes a critical look at areas related to wellness professional development and growth that can impact the personal self along with the professional self It examines each area through an overview of interdisciplinary research in addition to personal narratives illustrating key principles and strategies and offers the reader a professionally balanced perspective The first section of the book helps us understand the importance of building a foundation for our clinical path through a discussion about scientific and evidence based principles different types of knowledge systems and development of wisdom The second section of the book helps us understand the importance of supporting our foundation through an introduction to reflection counsel and care balance and harmony growth and detachment The third section of the book includes chapters that serve as pillars of practice organizational frameworks materials and activities measuring progress best practices and the importance of community The fourth and final section of the book highlights shared vision clinical expertise emotional intelligence leadership trends the scholarship of teaching and learning and research dissemination This book challenges us to consider our own perceptions about the explicit nature of professional practice and facilitates the development of four attitudes that can have a profound impact on both clinical success and professional satisfaction a scientific attitude a therapeutic attitude a professional attitude and a leadership attitude It contains a blend of clinical evidence and research practitioner views common sense philosophical stances and historical overviews The

Practitioner s Path in Speech Language Pathology is designed for students and practitioners who are actively involved with the process of knowledge acquisition and targets issues we encounter along our path to becoming reflective practitioners as they relate to the excellence behind and scholarship within teaching and learning

McClellan, 2014-04-02 Heres the one minute description of TQW You have a Big Question of some kind You know its a Big Question because its keeping you up at night the outcome is important and you dont have a ready answer There are four stages you need to go through to answer a Big Question I dont know where you are in the process so let me describe the four stages The first stage involves fully understanding your situation and your motives for wanting to resolve the question that comes from being in that situation The second stage involves separating yourself from the situation you are in You cannot resolve a situation if you see yourself as part of it You have to gain perspective by separating yourself from your situation in as many ways as possible The third stage involves letting go of something that keeps you attached to and subject to the situation you are in Something is holding you back Some fear some projection of implications some belief about what is possible and what is not possible Something As long as you hold onto these things they will hold you back Fourth you need to perceive new possibilities for resolving your Big Question For various reasons you are not able to see alternative resolutions today You need to reframe your question in a way that will enable you to apply the substantial resources you have to address each and every part of the question If you have a Big Question you are stuck at one of those four stages At which stage are you stuck McClellan provides a complete roadmap for getting from the question you have to the question you need to answer Dither no longer Commit to the Total Question Workout Address the Big Question you need to answer to take charge of running your business or your life You can move forward But first you have to take the next step **Clinical Leadership** Dickon Weir-Hughes, 2013-09-13 The definitive guide to clinical leadership by Dickon Weir Hughes the Chief Executive of the NMC Dickon takes a unique slant on the teaching of Leadership and Management through an A Z format making this subject very accessible The book provides a helpful and practical summary of the key leadership principles within healthcare Dickon

has drawn on his personal experience of the sharp end of clinical leadership in a number of organisations Utilising his experience as a leadership programme facilitator mentor and coach he understands the need for students and practitioners to grasp leadership concepts and terminology to assess their competence against such a framework and to have some suggestions for taking forward personal development This book fulfils that in an accessible and novel way *Quality Teaching in a Culture of Coaching* Stephen G. Barkley, Terri Bianco, 2010-08-16 This book expands on the framework established in the original volume of *Quality Teaching in a Culture of Coaching* It provides many examples that can be incorporated into any educational environment It outlines the why who what and how of a sound coaching program The new edition adds sections on the impact of learning styles on coaching extends the connections between coaching mentoring and supervision and includes instructional coaching It contains updated examples of various coaching models in place including international examples **Principles of Sustainable Living** Richard R. Jurin, 2012-01-30 The e book for *Principles of Sustainable Living* is available at a reduced price and allows readers to highlight and take notes throughout the text When purchased through the Human Kinetics site access to the e book is immediately granted when your order is received
