Associations Action Publique Jean Louis Laville:

Associations et Action publique Jean-Louis Laville, 2015-09-24 Confrontés de nouvelles contraintes les associations ne sont pas condamnées à l'impuissance. Beaucoup combattent l'uniformisation et résistent à la dépression. Leurs répertoires d'action et leurs domaines d'intervention sont extrêmement variés. Il est difficile d'enfermer leurs activités soit dans la prestation de services soit dans le plaidoyer. Imbriquant l'économique, le social et le politique, elles se cloisonnent et se rangent. Comment reconfigurent-elles l'action publique? La réponse ne peut être définitive. Elle est construite. Pour y contribuer, le livre s'appuie sur une diversité de cas en France et à l'étranger: centres sociaux et régionaux de territoire, fédérations d'éducation populaire et de sport, associations sociales et médico-sociales, unions d'associations de solidarité, associations écologistes et de consommation, association pour le maintien d'une agriculture paysanne, associations de lutte contre le sida et de santé environnementale, associations culturelles de microfinance, d'action communautaire de garde pour la petite enfance, associations et coopératives d'économie solidaire ou de commerce équitable. Cet effort de réflexion repose sur une collaboration d'acteurs et de chercheurs qui s'enrichit d'une perspective internationale: Maroc, Tunisie, Espagne, Québec, Bolivie, etc. La pluralité de références et de points de vue ouvre de nouvelles approches sur le rôle des associations en démocratie. Ont participé à cet ouvrage: Christian ANDRÉ, Philippe BERTHELOT, Régine BOUTRAIS, José Luis CORAGGIO, Christine CHOIGNOT, Dominique ESPAGNET, Jordi ESTIVILL, Philippe EYNAUD, Isabelle HILLENKAMP, Christian JETT, John LASSERRE, Benoît L. VESQUE, Norbert LIGNY, Lydia MARTINS VIANA, Guillaume MEUGNIER, Quidora MORALES LA MURA, Youssef SADIK, Pierre TAINURIER, Yves VAILLANCOURT et Magali ZIMMER.

La Fabrique de l'émancipation Jean-Louis Laville, Bruno Frère, 2022-09-09T00:00:00+02:00 Sur fond de haines de violences d'identité sociales et de dérèglements écologiques, la démocratie paraît menacée. Face à ce risque, la théorie critique de l'école de Frankfurt-Bourdieu reste indispensable pour alerter sur l'ampleur des aliénations et des dominations. Mais elle ne suffit plus. D'autres approches sont mobilisées. Bruno Frère et Jean-Louis Laville les identifient et soulignent, notamment, l'apport des pragmatismes et des pistologies du Sud. Croisant ces analyses, ils concentrent leur attention sur des combats de plus en plus présents: zapatisme, zones de fédération, mobilisation pour le climat, défense des libertés associatives, cofinancement et des résistances encore trop souvent invisibles, circuits courts, économie solidaire. Les auteurs montrent ainsi que, par-delà les dangers, la démocratie se réinvente, déjà compris en tissant de nouveaux liens entre humains et non humains, entre acteurs et chercheurs. Parce qu'il conjugue une synthèse originale des travaux les plus marquants du XXI^e siècle avec l'examen d'expériences foisonnantes, cet ouvrage formule les bases d'une nouvelle théorie critique et d'une conception renouvelée de l'émancipation. En ce sens, il est force de propositions pour celles et ceux qui ne se satisfont ni de l'immobilisme ni du catastrophisme. Bruno Frère est directeur de recherches au FNRS et professeur à l'université de Liège. Il a coordonné *Le tournant de la théorie critique aux conditions*. Desclée de Brouwer. Jean-Louis Laville, après avoir été chercheur au CNRS, est professeur au Conservatoire national des arts et métiers, titulaire de la

chaire économie solidaire membre du laboratoire HT2S Il a publié au Seuil L'économie sociale et solidaire Pratiques théoriques et débats The Non-Religious and the State Jeffrey Tyssens, Niels De Nutte, Stefan Schröder, 2024-06-25 The Solidarity Economy Jean-Louis Laville, 2023-08-22 Questioning the boundaries between politics and economics Jean-Louis Laville's large body of work has focused on an intellectual history of the concept of solidarity since the Industrial Revolution In The Solidarity Economy his most famous distillation of this work Laville establishes how the formations of economic solidarities unions activism and other forms of associationalism reveal that the boundaries between politics and economics are porous and structured such that politics ideally a pure expression of ethics and values is instead integrated with economic concerns Exploring the possibilities and long histories of association The Solidarity Economy identifies the power of contemporary social and solidarity movements and examines the history of postcapitalist practices in which democratic demands invade the heart of the economy The Solidarity Economy ranges in focus from workers associations in France dating back to the nineteenth century to associations of African Americans and feminists in the United States in the late nineteenth and early twentieth centuries to a Brazilian landless worker coalition in the twentieth century Studying solidarity associations over time allows us to examine how we can recombine the economic and political spheres to address dependencies and inequalities Ultimately The Solidarity Economy has global scope and inspiring examples of associations that deepen democracy Réinventer l'association Jean-Louis Laville, 2019-10-09 Dans le monde entier la tendance à créer des associations n'a jamais été aussi forte que dans les dernières décennies Pour la France les chiffres sont révélateurs Les associations étaient 700 000 en 1990 avec 8 millions de bénévoles elles sont 1 5 million aujourd'hui pour 22 millions de bénévoles auxquels s'ajoutent 1 8 million de salariés Le phénomène associatif malgré ce renouveau reste sous-estimé Certains critiquent la précarité du travail en son sein D'autres prétendent le moderniser sur le modèle de l'entreprise Quant aux gouvernements ils le rabattent trop souvent sur sa fonction parapétrole Pourtant il inclut une dimension transformatrice qui renvoie un principe démocratique fondamental l'associationnisme De grands auteurs comme Dewey Habermas Mauss ou Polanyi en ont souligné l'importance Chacun leur manière ils ont décrit comment dès le XIXe siècle ce principe a été mis en œuvre prouvant que la démocratie excède la représentation que l'économie ne se réduit pas au marché et que la solidarité borde l'intervention de l'état Tout en analysant les indéniables ambiguïtés de ce mouvement le livre montre l'existence d'un regain de l'associationnisme Si nous en tenons compte nous pouvons voir différemment les crises actuelles et inventer d'autres actions pour les surmonter Jean-Louis Laville est professeur du Conservatoire national des arts et métiers Cnam titulaire de la chaire d'économie solidaire chercheur au Lise CNRS Cnam chercheur associé au Collège de études mondiales Maison des sciences de l'homme Il poursuit depuis de nombreuses années un travail sur les relations complexes entre associations et démocratie jalonné par plusieurs publications dont notamment Associations et action publique avec Anne Salmon Desclède de Brouwer 2015 L'économie sociale et solidaire Pratiques théoriques et débats Points Seuil 2016 L'Association Sociologie et économie avec Renaud Sainsaulieu Pluriel Fayard

nouvelle édition 2018 **Politique de l'association** Jean-Louis Laville, 2013-06-11T00:00:00+02:00 Depuis longtemps les débats politiques se sont centrés sur les places respectives du marché et de l'État. C'est encore le cas aujourd'hui. Pourtant ce débat s'avère incomplet. L'ampleur des défis sociaux et écologiques appelle désormais la prise en compte de la société civile au-delà des clichés qui l'ont réduite à une affirmation privée ou à un désengagement public. Tel est l'objectif de cet ouvrage qui propose une économie politique de l'association. Pour ce faire, il présente la première synthèse d'ensemble des expériences américaines et européennes de l'associationnisme, leur histoire et leur actualité. À partir de cette mise en perspective internationale qui met en évidence l'imbrication entre histoire des idées et pratiques sociales, il devient possible de mieux comprendre le débat contemporain entre différentes approches : économie solidaire, économie sociale, tiers secteur. Ce livre apporte une réflexion originale sur la démocratie et l'économie. Pour cette raison, il est amené à devenir une référence indispensable pour les responsables associatifs et politiques. Il l'est aussi plus largement pour celles et ceux qui s'estiment concernés par les évolutions de l'action publique et citoyenne.

The Rise of the Sharing Economy Pia A. Albinsson, B. Yasanthi Perera, 2018-01-04 This is the ultimate source for anyone who wants a comprehensive view of how the sharing economy began and how it may fundamentally change capitalism across the globe. *The Rise of the Sharing Economy: Exploring the Challenges and Opportunities of Collaborative Consumption* examines the business phenomenon of the sharing economy, giving readers a thorough analysis of this up and coming sector. The book presents a detailed historical perspective of sharing and cooperatives, followed by a discussion of societal factors, predominantly technology, that have facilitated the fast growth of collaborative consumption businesses. Additional chapters offer progressive perspectives on how companies can further commercialize sharing. Written for undergraduate and graduate students studying the collaborative market and for those with entrepreneurial aspirations, this book provides important insight about technology, facilities, sharing, peer-to-peer lending, grassroots social entrepreneurial efforts, the economics of the sharing economy, legal and public policy issues, and more.

Des associations citoyennes pour demain Didier Minot, 2013-09-16 Qu'est-ce qu'une association citoyenne ? Comment les associations sont-elles structurées ? Quels sont leurs missions, leur taille, leur mode de gouvernance ? Cet ouvrage s'attache à faire connaître la diversité des actions menées par les associations au sens large. Dans un premier temps, il retrace l'histoire de l'action associative avant de s'intéresser aux nouvelles relations entre les associations et la société d'aujourd'hui. Ces dernières décennies, les associations ont vu leurs financements se réduire avec les plans de rigueur successifs. Pourtant, face à la crise économique, financière, environnementale et démocratique actuelle, les mouvements de citoyens associés se multiplient pour construire des solutions, que ce soit au niveau local ou mondial, et indiquent les contours d'une initiative globale. Le tissu associatif est devenu un pourvoyeur incontournable de lien social, le moteur d'une économie solidaire et un des acteurs de la transition écologique. Ces initiatives variées suggèrent un vaste mouvement de formes structurelles dans les années venant pour plus d'autonomie et une politique ouvrant la voie à un nouvel élan associatif.

Civil Society, the Third Sector and Social

Enterprise Jean-Louis Laville, Dennis Young, Philippe Eynaud, 2015-04-24 If the twentieth century was only focused on the complementarity and the opposition of market and state the twenty first century has now to deal with the prominence of the third sector the emergence of social enterprises and other solidarity hybrid forms The concept of civil society organisations CSOs spans this diversity and addresses this new complexity The first part of the book highlights the organizational dimensions of CSOs and analyses the growing role of management models and their limits Too often the study of CSO governance has been centered on the role of the board and has not sufficiently taken into account the different types of accountability environments Thus the conversation about CSO governance rises to the level of networks rather than simple organizations per se and the role of these networks in setting the agenda in a democratic society In this perspective the second part emphasizes the institutional dimensions of CSO governance by opening new avenues on democracy First the work of Ostrom about governing the commons provides us new insights to think community self governance Second the work of Habermas and Fraser opens the question of deliberative governance and the role of public sphere to enlarge our vision of CSO governance Third the concepts of substantive rationality and economy proposed respectively by Ramos and Polanyi reframe the context in which the question can be addressed Lastly this book argues for a stronger intercultural approach useful for the renewal of paradigms in CSOs research This book has for objective to present a unique collective work in bringing together 33 authors coming from 11 countries to share perspectives on civil society governance and will be of interest to an international audience of researchers and policy makers

Social Alternatives in Southern Europe and Latin America Montserrat Duch-Plana, Josep M. Pons-Altés, 2024-03-19 This book deals with the evolution of initiatives connected to the social and solidarity economy and their political cultures and educational implications in the south of Europe and in Latin America Employing a comparative perspective the contributors present 11 studies of these trajectories in Argentina Chile Portugal France Italy Spain and Catalonia in order to engender familiarity with social tributary practices and projects in the Latin world As the cyclical crises of capitalism and their resulting inequalities have created proposals of reform and brought them into action certain shared ideological influences and policies have emerged across these societies Faced with the interpretative schemes used for the Anglo Saxon sphere which have been the usual reference in international research this volume s geographical and cultural matrix of analysis helps fill a longstanding gap in this field The book will be of interest to scholars educators and students specialising in the history and political science of the social and solidarity economy sectors as well as professionals involved in cooperatives mutual aid societies and associations
