Taking Back Childhood Nancy Carlsson-Paige, 2008-03-27 An early childhood development expert shows how to craft a nurturing childhood for your sons and daughters while minimizing negative societal influences Based on early childhood development expert Nancy Carlsson Paige s thirty years of researching young children this groundbreaking book helps parents navigate the cultural currents shaping and too often harming kids today and restore childhood to the best of what it can be As Carlsson Paige explains there are three attributes critical to kids healthy development time and space for creative play a feeling of safety in today s often frightening world and strong meaningful relationships with both adults and other children attributes that we as a society are failing to protect and nurture From advising parents on which toys foster creativity and which stifle it to guiding them in how to use power sharing techniques to resolve conflicts and generate empathy Carlsson Paige offers hands on steps parents can take to create a safe open and imaginative environment in which kids can relish childhood and flourish as human beings Dr Carlsson Paige explains the many ways our culture and media are threatening our children s healthy development She gives adults concrete strategies for fighting back Today s parents need this book Marian Wright Edelman Children s Defense Fund **Play: A Play by Jed McKenna** Jed McKenna, 2015 It is what it is they say but is it Jed McKenna has always been more about destroying questions than answering them so it s no surprise that Play is more Q than A In fact it might be viewed as a progression through the stages of self inquiry each of the seven vignettes taking us a bit further along on the inward journey the early vignettes asking the questions and the latter ones looking at those who do ask showing us promising us warning us where honest and relentless inquiry really lead But who Jed has asked really wants to go where this road really leads On this journey who you are changes with every step and it s all about taking the next step In the end Play is what it is Or is it Maybe it s the journey of the examined life or maybe it s just a playful little play Ultimately of course Play like life like anything is whatever it is to you **Developmental Play**
