Bahamian Harbour Guide Gordon England, 2013-04-11 Do you want to know where to find the best harbours tiki bars and beaches in the Bahamas For years Gordon England explored these stunning isles leaving the beaten path of tourist trap resorts to find lessor traveled hideaways in turquoise waters His top 13 Bahamian harbours were mapped rated and photographed with one ranked above the rest as most fitting to be one of Jimmy Buffett s One Particular Harbours After much deliberation over rum drinks in Tiki Bars far and wide Gordon concluded the following key factors were necessary for a complete Harbour experience One Particular Harbour had to be on an island Clear turquoise water should surround the island to offer stunning views and diving Palm trees on white sandy beaches were a must Many Bahamian islands were uninviting rocks with no beaches Cruise ships harbours brought in too many tourists for his taste and were not reviewed He preferred quiet getaways accessible by small boats though a private airstrip was also acceptable Isolation from typical or large tourist traps was essential Points were lost for condos or big chain owned hotels and restaurants A plus was a hurricane hole a harbour that provided safe anchorage and protection from storms and fast currents Unique geography or colorful history helped make the harbour special While docks enabling access from a boat were generally important they were not essential if beach landings were available A Tiki Bar was desirable Having no Tiki Bar would lose points but would not disqualify a harbour from consideration Conversely if a Tiki Bar was special bonus points could be added World class views of sunsets and sunrises were important If views were blocked by high hills around a harbour points were lost And last but not least was the Oh My God This One is Magic awe factor Have a rum drink and enjoy
