A Strategic and Tactical Approach to Global Business Ethics Lawrence A. Beer, 2010-04-18 Ethics is a compendium of moral interpretations steeped in a multitude of religious and philosophical applications It is subject to various cultural intrusions as well as independent personal interpretation The study of international business and all related managerial disciplines usually includes ethical content The majority of global management textbooks offer a chapter on ethics and its often misaligned cousin social responsibility They tend to cover the subject matter by stating the problem and then reciting laws enacted to combat social injustice as well as including

philosophical theories intended to provide generic direction This iceberg approach a topical view of the issues leaves the average MBA student along with executive cadre longing for more specific guidelines

Ethical Issues in International Marketing Nejdet Delener,1995 *Ethical Issues in International Marketing* is a valuable resource for readers increasing need for knowledge of this important area In recent years ethical issues in international marketing have come to the forefront due to publicity and controversy generated from several international cases of questionable ethics To date little research has been conducted in the area of international marketing ethics Delener s book comes at an important time to alert readers to the growing concern for greater ethical behavior in the international marketing arena It provides illustrations to give readers hands on experiences that can transfer directly into the marketing world Delener and his contributing authors identify the unique importance of ethics and corporate social responsibility in global markets *Ethical Issues in International Marketing* was conceived to allow researchers the liberty to explore the topic in the context of an environment supportive of the difficulties associated with this type of research The contributing authors discuss these main topics A social contract for analyzing and evaluating the activities of transnational corporations in developing countries The relationship of marketing ethics to gray markets for consumer goods How moral commitment is shaped by socialization and role of culture in Turkey The relationship between Egyptian consumers ideology and theirperceptions of ethical behavior Readers who desire to make steps toward better global decisionmaking will find this a compelling book The authors make readers realize that conducting business transactions efficiently and effectively in a mere technocratic sense is no longer sufficient Ethical issues in the international marketing environment are best addressed in learning more about the differences between cultures which this book begins to do

Ethics and International Marketing Marilyn Carrigan,Svetla Marinova,Isabelle Szmigin,2005 The aim of this e book is to provide diverse views on the complexity of ethical issues in the context of international marketing It is the outcome of the efforts and contributions of several authors and reviewers who are passionate supporters of the overwhelming need for international marketing ethics All papers included in the e book have been subjected to a rigorous review process by internationally renowned experts in the field

Ethical Issues in International Marketing Erdener Kaynak,Nedjet Delener,2019-09-16 *Ethical Issues in International Marketing* is a valuable resource for readers increasing need for knowledge of this important area In recent years ethical issues in international marketing have come to the forefront due to publicity and controversy generated from several international cases of questionable ethics To date little research has been conducted in the area of international marketing ethics Delener s book comes at an important time to alert readers to the growing concern for greater ethical behavior in the international marketing arena It provides illustrations to give readers hands on experiences that can transfer directly into the marketing world Delener and his contributing authors identify the unique importance of ethics and corporate social responsibility in global markets *Ethical Issues in International Marketing* was conceived to allow researchers the liberty to explore the topic in the context of an environment supportive of

the difficulties associated with this type of research The contributing authors discuss these main topics A social contract for analyzing and evaluating the activities of transnational corporations in developing countries The relationship of marketing ethics to gray markets for consumer goods How moral commitment is shaped by socialization and role of culture in Turkey The relationship between Egyptian consumers ideology and their perceptions of ethical behavior Readers who desire to make steps toward better global decisionmaking will find this a compelling book The authors make readers realize that conducting business transactions efficiently and effectively in a mere technocratic sense is no longer sufficient Ethical issues in the international marketing environment are best addressed in learning more about the differences between cultures which this book begins to do

Globalisation and Business Ethics Karl Homann, Peter Koslowski, 2016-04-22 Globalization has become a common phenomenon yet one that many people experience as a threat not only to their economic existence but also to their cultural and moral self image This volume takes an interdisciplinary approach to provide a theoretical overview of how business ethics deals with the phenomenon of globalization The authors first examine the origins and development of globalization and its interaction with business ethics before discussing the impact on and role of national and multinational corporations The book goes on to examine the relationship between industrialized and developing countries and explores the place of ethics in globalized markets

Business Ethics 3.0 Erhard Meyer-Galow, 2018-05-22 The reputation of business managers is declining due to their disregard for moral decisions and ethical practices Business students are currently taught only technical knowledge without concern for being compassionately and holistic engaged However when entering the business sector these graduates encounter a world which necessitates difficult personally challenging decisions ones for which technical knowledge is insufficient Successful sustainable resolutions can only be expected to result from a holistic sustainable approach which accommodates the difficulty in balancing ethical practices with the demands for ever increasing profits This unique graduate textbook addresses the issue of business ethics from the perspective of an individual's internal growth facilitated by a consideration of the principles of depth psychology spiritual wisdom meditation and quantum physics written by a CEO with an enormous business background It not only promotes a new ethical approach but also addresses the implementation of this new approach in the most important business sectors as a replacement for previous ineffective codes of conduct which have failed It's a must read for business students with aspirations of becoming managers or entrepreneurs in the economic sector as well as for all young professionals managers and entrepreneurs to improve their ethical performance and sustainable success Message from the author This book creates an impetus for change in a business world where unethical practices are rampant by providing a suggested New Integral Ethics for the economy an ethical approach based upon inner psychological and spiritual development arising from a serious consideration of Depth Psychology Readers will learn how adoption of specific Practices which lead to inner growth and spiritual maturity will result in ethical morally sound business practices not because they are mandated but because once the SELF is actualized you cannot do otherwise

Laws appeals and directives which have never successfully resulted in ethical practices become unnecessary replaced by intrinsically ethical individuals who collectively influence corporate ethical behaviour This is a giant leap into a new dimension in our globalized digitized economy Business Ethics 3 0 by Erhard Meyer Galow provides a much needed beacon of light to a segment of our society that seem to be sinking deeper and deeper into darkness The term business ethics once an important topic within the business community has slowly descended through the fog of profitable ends justifying unprincipled means to become nothing more than a self contradictory oxymoron especially among large international corporations In Business Ethics 3 0 Erhard Meyer Galow has taken a fresh approach that appeals to individual personal growth rather than the usual proffering of academic arguments that are not implementable in the real world of relentless Machiavellian competition Only through raising and improving individual awareness and responsibility can real long term change have a chance of developing Business Ethics 3 0 is on the right track with a positive and compelling message may it succeed where the academics have failed Thomas Campbell physicist consciousness researcher author of My big TOE Finalist at the 2018 Humanistic Management Book Awards
