McCance, Valentina L. Brashers, 2018-09-19 NEW chapter on diabetes to highlight the prevalence of the disease in Australia and New Zealand Expanded obesity chapter to reflect the chronic health complications and comorbidities New concept maps designed to stand out and pull together key chapter concepts and processes Updated Focus on Learning Case Studies and Chapter Review Questions Now includes an eBook with all print purchases Advanced Abnormal Psychology Michel Hersen, Vincent B. Van Hasselt, 2012-12-06 Although senior undergraduate psychology students and first year master's and doctoral level students frequently take courses in advanced abnormal psychology it has been almost two decades since a book by this title has appeared Professors teaching this course have had a wide variety of texts to select from that touch on various aspects of psychopathology but none has been as comprehensive for the student as the present volume Not only are basic concepts and models included but there are specific sections dealing with childhood and adolescent disorders adult and geriatric disorders child treatment and adult treatment We believe the professor and advanced student alike will benefit from having all the requisite material under one cover Our book contains 26 chapters presented in five parts each part preceded by an editor's introduction The chapters reflect updates in the classification of disorders i.e. DSM IV In Part I Basic Concepts and Models the chapters include diagnosis and classification assessment strategies research methods the psychoanalytic model the behavioral model and the biological model Parts II Childhood and Adolescent Disorders and III Adult and Older Adult Disorders bulk of the book To ensure cross each containing seven chapters represent the chapter consistency each of these chapters on psychopathology follows an identical format with the following basic sections description of the disorder epidemiology clinical picture with case description course and prognosis familial and genetic patterns and diagnostic considerations **Fundamentals of Abnormal Psychology** Ronald J. Comer, 2004-04-23 This is a concise textbook on abnormal psychology that integrates various theoretical models sociocultural factors research clinical experiences and therapies The author encourages critical thinking about the science and study of mental disorders and also reveals the humanity behind them Oxford Handbook of Personality Assessment James N. Butcher, 2009-07-14 One of the oldest of all psychological disciplines the field of personality assessment has seen no shortage of scientific study or scientific literature This Oxford Handbook provides a comprehensive perspective on the contemporary practice of personality assessment including its historical developments underlying methods applications contemporary issues and assessment techniques The Oxford Handbook of Personality Assessment details both the historical roots of personality assessment and the evolution of its contemporary methodological tenets This provides the foundation for the handbook's other major focus the application of personality assessment in clinical personnel and forensic assessments This handbook will serve as an authoritative and field

encompassing resource for researchers and clinicians from across the medical health and psychology disciplines i.e clinical psychology psychiatry social work etc and would be an ideal text for any graduate course on the topic of personality assessment *It's You: Is It Possible to Build Real and Lasting Friendships?* Nicole Johnson,2011-05-03 Designed for individual or group study the It's You participant's guide helps individuals and groups explore what's been exposed through the dramas and dig deeper into how to live differently in this changing world **Bowker's Medical Books in Print** ,1974

Introduction to Clinical Psychology Jeffrey Hecker,Geoffrey L. Thorpe,2015-11-19 This introductory textbook gives students an appreciation of the field of clinical psychology as an applied science by teaching them the history and future of the field as well as ethical dilemmas facing psychologists today It is organized around four key themes Science the text analyzes and critiques research and practice in clinical psychology from a scientific perspective Controversies the text examines the conflict and controversies that continue to shape the discipline of Psychology Currency the text surveys the field of contemporary clinical psychology Ethics the text discusses ethical dilemmas faced by clinical psychologists in every chapter **Subject Guide to Books in Print** ,1991 **Psychiatric & Mental Health Nursing - E-Book** Ruth

Elder,Debra Nizette,Katie Evans,2011-06-02 The new edition of Psychiatric and Mental Health Nursing focuses on practice in mental health and psychiatric care integrating theory and the realities of practice Mental wellness is featured as a concept and the consideration of a range of psychosocial factors helps students contextualise mental illness and psychiatric disorders The holistic approach helps the student and the beginning practitioner understand the complex causation of mental illness its diagnosis effective interventions and treatments and the client's experience of mental illness
