Biker Gangs And Organized Crime:

Biker Gangs and Organized Crime Thomas Barker, 2010-04-06 This book examines the reported criminal behavior of the entire spectrum of 1% biker clubs and members. It identifies the clubs whose members have been involved in criminal behavior and classifies their behaviors as individual, group, or club sponsored/condoned behavior. While other books examine the criminal exploits of one or more of what are called the Big Five biker clubs because of their size and sophistication or the sensational crimes of lesser known 1% biker clubs or club members, this book pays attention to the criminal activities of individuals, groups, and chapters of other clubs as well. The book is based on journalistic accounts and autobiographies of former and present members of biker clubs, academic scholarly works, law enforcement government reports, articles from newspapers and biker web sites, and a content analysis of federal and state court cases regarding bikers and motorcycle clubs. Text enhanced with numerous photos and figures. *Biker Gangs and Transnational Organized Crime* Thomas Barker, 2014-10-17 *Biker Gangs and Transnational Organized Crime* Second Edition describes and analyzes a rapidly expanding global problem: criminal acts committed by motorcycle gangs. Thomas Barker, one of the world's top experts on outlaw biker gangs, offers fascinating details about the Bandidos, the Vagos, the Mongols, and other one percenters' criminal biker gangs as opposed to the vast majority of motorcycle enthusiasts. He combines this data with a strengthened conceptual framework that makes sense of this complicated picture. U.S.-based motorcycle gangs like the Hells Angels have proliferated especially in Canada and Europe to the point where these gangs have more members in other countries than in the United States. Increasingly more often in recent years, their crimes are not limited to rumble or drug use; these gangs challenge the dominance of organized crime, leading to violent conflicts between the rivals. Germany, Scandinavia, the UK, the Netherlands, and Canada are particularly hard hit by this rising violence. One of Barker's unique contributions is his Criminal Organization Continuum, building on the groundbreaking network approach to organized crime proposed by Klaus von Lampe. Introduced in the first edition, Barker elaborates his continuum tool and makes it more multi-dimensional to help refine the definition of adult criminal gangs. The product of years of research, this book lays the groundwork for further study by offering students, police, and researchers the most thorough account available of outlaw motorcycle gangs. *Outlaw Motorcycle Clubs and Street Gangs* Tereza Kuldova, Martín Sánchez-Jankowski, 2018-04-25 This edited collection offers in-depth essays on outlaw motorcycle clubs and street gangs. Written by sociologists, anthropologists, and criminologists, it asks the question of how the self-proclaimed outlaws integrate into society. While these groups may cultivate a deviant image, these original studies show that we should not let ourselves be deceived by appearances. These outlaws are paradoxically well integrated into mainstream society. The essays read the relationship of these groups to the media, law enforcement, and society through the lens of their strategies of scheming, legality, and resisting criminalization. These reveal most strikingly how the knowledge of social codes, norms, and mechanisms is put to use by these groups. This groundbreaking volume provides answers to

previously understudied questions through well researched case studies drawn from across Europe and United States With wide reaching implications for communities around the world this exciting collection of essays will be of great interest to academics and governmental institutions as well as students and general readers of anthropology sociology and criminology

Angels of Death William Marsden, Julian Sher, 2010-07-30 The award winning authors of *The Road to Hell How the Biker Gangs Are Conquering Canada* bring us a definitive up to the minute account of the Hells Angels and the international biker network Marsden and Sher explain how the expansion of America s foremost motorcycle gang has allowed this once ragtag group of rebels outcasts and felons to become one of the world s most sophisticated criminal organizations While the media has continued to toast the Hells Angels California leader Sonny Barger as an American legend the facts tell another story they are America s major crime export With an estimated 2 500 full patch members in 25 countries the Hells Angels have inspired a global subculture of biker gangs that are among the most feared and violent underworld players *Angels of Death* takes readers to Arizona inside the biggest American police undercover operation to infiltrate the bikers to British Columbia where wealthy bikers dominate the organized crime pyramid to Australia where the bikies shoot it out with police to Cura ao where terrorist organizations funnel drugs to Dutch bikers and to the streets of Oslo Copenhagen and Helsinki where a murderous biker war saw rocket attacks and bombs turn Scandinavia into a war zone For the first time police officers who have infiltrated biker gangs tell their secrets revealing the challenges fears and horrors they ve discovered going undercover Sher and Marsden take the reader behind the latest headlines to tell the story of how the Hells Angels became so powerful and how the police with only a few successes have tried to stop them Excerpt from *Angels of Death* Three murderous evenings three different continents three faces of the Angels of death the killing of innocents the killing of fellow bikers and the killing of cops Not to mention the hundreds of thousands of lives ruined brains fried bodies withered by the methamphetamines cocaine and other drugs pushed by the bikers And yet while the body count kept mounting Sonny Barger the Californian patriarch and international leader of the Hells Angels was being feted by the international media as he promoted his latest bestselling book Even the usually thoughtful British press fell for the rebel Yankee The Times called him affable big hearted warm The Independent labelled him an American legend And in many ways he is **Biker Gangs and Transnational Organized Crime** Thomas Barker, 2014-10-17 *Biker Gangs and Transnational Organized Crime* Second Edition describes and analyzes a rapidly expanding global problem criminal acts committed by motorcycle gangs Thomas Barker one of the world s top experts on outlaw biker gangs offers fascinating details about the Bandidos the Vagos the Mongols and other one percenters criminal biker gangs as opposed to the vast majority of motorcycle enthusiasts He combines this data with a strengthened conceptual framework that makes sense of this complicated picture U S based motorcycle gangs like the Hells Angels have proliferated especially in Canada and Europe to the point where these gangs have more members in other countries than in the United States Increasingly more often in recent years their crimes are not

The Outlaw Biker Legacy of Violence Thomas Barker,2018-04-24 Outlaw bikers represent a very small percentage of motorcycle riders who join motorcycle clubs but they receive disproportionate attention due to their mystique unconventional behavior and violence Although the outlaw biker phenomenon started in the United States it has since spread throughout the world The involvement of Outlaw Motorcycle Gangs OMGs in organized crime at the local regional national and transnational levels fosters violence that puts innocent persons at risk for death or injury and leads to the demonization of bikers and the overcriminalization of motorcycle enthusiasts and club members The Outlaw Biker Legacy of Violence written by internationally known expert Thomas Barker addresses the legacy of violence in the outlaw biker culture and tackles the implications of the violence that progressed as outlaw biker clubs evolved into adult criminal gangs engaged in crimes for profit over long periods of time and across borders Beginning with a history of outlaw bikers and the construction of the folk devil of the biker the book outlines the distinctions between conventional motorcycle clubs Outlaw Motorcycle Clubs and Outlaw Motorcycle Gangs and then traces the expansion of these groups across the globe This book will be relevant to those interested in the examination or investigation of biker gangs in particular or organized criminal groups in general It is essential reading for criminal justice students and others studying social groups gangs and organizations or the sociology of deviance and is also relevant for law enforcement professionals dealing with these organizations

Above the Law Ross Coulthart,2010 Above The Law takes a hard and chilling look at the global future of organised crime and reveals that the world s most successful criminal empire is now being operated on a massive scale by outlaw motorcycle gangs an empire that is growing in power reach and ruthlessness by the day Above The Law investigates how it all started the turf wars that were fought the deals that were done and how the sea of cash that was earned is now being legitimised
