Biographia Literaria Or Biographical Sketches Of My Literary Life And Opinions By Samuel Taylor Coleridge Samuel-Taylor Coleridge, 1847 Biographia Literaria Samuel Taylor Coleridge, 2016-08-06 Biographia Literaria has emerged over the last century as a supreme work of literary criticism and one of the classics of English literature Into this volume poured 20 years of speculation about the criticism and uses of poetry and about the psychology of art Following the text of the 1817 edition the editors offer the first completely annotated edition of the highly allusive work **Biographia Literaria - Or Biographical Sketches of My Literary Life and Opinions (1817)** Samuel Taylor Coleridge, 2006-01-01 The story of Biographia Literaria begins in a conversation between two friends Wordsworth and Coleridge both settled in the Lake District after their return from Germany in 1799 They were debating what form a second edition of the Lyrical Ballads should take to replace the exhausted edition of 1798 In the course of a walk the idea of replacing the brief Advertisement by a critical Preface was conceived In the aged memory of Wordsworth many years after the idea and indeed the very substance of the Preface as he came to write it were all Coleridge's I have never cared a straw about the theory he wrote impatiently on the manuscript of Barron Fields biography of him and the Preface was written at the request of Mr Coleridge out of sheer good nature I recollect the very spot a deserted quarry in the Vale of Grasmere where he pressed the thing upon me and but for that it would never have been thought of By 1815 of course when he came to write the Biographia the Preface was Wordsworth and the Biographia Coleridge's reply to Wordsworth but the simplification is much too crude It poses and tries to answer two closely connected questions first what relation should the language of poetry bear to that of ordinary life And

secondly what relation should the subject of poetry bear to itself The order in which the questions are put look irrational but it is Wordsworth s own order and there are good reasons for it The answers of the Preface are the real language of men in a state of vivid sensation and the incidents of common life These two questions or rather Coleridge s attempt to modify and clarify the old answers to them are together the central theme of the second half of the *Biographia Literaria* **Biographia Literaria** Samuel Taylor Coleridge,1917 *Biographia Literaria (Unabridged)* Samuel Taylor Coleridge,2017-07-31 This carefully crafted ebook *Biographia Literaria Unabridged* is formatted for your eReader with a functional and detailed table of contents In addition to his poetry Coleridge also wrote influential piece of literary criticism *Biographia Literaria* a collection of his thoughts and opinions on literature The work delivered both biographical explanations of the author s life as well as his impressions on literature The collection also contained an analysis of a broad range of philosophical principles of literature ranging from Aristotle to Immanuel Kant and Schelling and applied them to the poetry of peers such as William Wordsworth Coleridge s explanations of metaphysical principles were popular topics of discourse in academic communities throughout the 19th and 20th centuries and T S Eliot stated that he believed that Coleridge was perhaps the greatest of English critics and in a sense the last In *Biographia Literaria* and his poetry symbols are not merely objective correlatives to Coleridge but instruments for making the universe and personal experience intelligible and spiritually covalent Samuel Taylor Coleridge 1772 1834 was an English poet literary critic and philosopher who with his friend William Wordsworth was a founder of the Romantic Movement in England and a member of the Lake Poets He wrote the poems *The Rime of the Ancient Mariner* and *Kubla Khan* as well as the major prose work *Biographia Literaria* His critical work especially on Shakespeare was highly influential and he helped introduce German idealist philosophy to English speaking culture He coined many familiar words and phrases including suspension of disbelief He was a major influence on Emerson and American transcendentalism
