Coleridge, 1991 In this prose work *Biographia Literaria* Coleridge succeeds for the first and so far for the last time in English criticism in marrying the twin studies of philosophy and literature developing his distinction between fancy and imagination He does this not simply by writing about both within a single book but by discovering a casual link between the two in the century old preoccupation of English critics with the theory of the poet's imagination Besides essays on literary criticism the book also contains a discussion of the distinction between reason and understanding an explanation of Coleridge's concept of a willing suspension of disbelief a severe critical analysis of Wordsworth's poetry and detailed portions of the philosophies of Kant Schelling and Fichte
