The play is one of Shakespeare's most popular works for the stage and is widely performed across the world. The play consists of four interconnecting plots connected by a celebration of the wedding of Duke Theseus of Athens and the Amazon queen Hippolyta, which are set simultaneously in the woodland and in the realm of Fairyland under the light of the moon. A Midsummer Night's Dream has been produced many times in New York, including several stagings by the New York Shakespeare Festival at the Delacorte Theatre in Central Park and a production by the Theatre for a New Audience produced by Joseph Papp at the Public Theater.

The book contributes new insights into how early modern stage conditions shaped the writing, production and reception of Shakespeare's plays but takes the further step of examining how original stage conditions re-emerge not only in Globe replicas like the London Globe but in unexpected and sometimes

unconscious reconfigurations in adaptations and productions from around the world film versions of Othello from Mexico to India that take dancing cues and anxieties about dance from the play and centralize dance Korean adaptations for the madang or yard that reimagine Shakespeare's theatrical spaces and their relationships to audiences Noh re imaginings on film and onstage that foreground the theatrical a teen film remake of Othello that raises questions about how blackness is figured today and on Shakespeare's stage among others By studying original stage conditions and their global afterlives the book illuminates how global productions negotiate historical and cultural differences and thereby paradoxically engage with the cultural specificities of the present
