A Prophet Reads Scripture Allusion In Isaiah 40 66 Contraversions Jews And Other Differenc:

A Prophet Reads Scripture Benjamin D. Sommer, 1998 By examining literary allusion in Isaiah 40 66 the author illuminates the changes that led to the demise of biblical prophecy and the rise of hermeneutically based religions in the post biblical era Ethical Dimension of Cult in the Book of Isaiah Bohdan Hrobon, 2010 This book investigates the relationship between cult and ethics in the book of Isaiah Part I attempts to revise some of the common Old Testament views on prophets and cult After inspecting cultic concepts such as sacrifice purity and impurity holiness and the Promised Land it suggests that the priestly and prophetic understandings of the role of the Ancient Israelite cult were essentially the same This general proposition is then tested on the book of Isaiah in Part II each chapter there analyses the key passage on cult and ethics in the three main parts of the book namely Isa 1 10 17 43 22 28 and 58 1 14 and concludes that even though the role of cult and ethics in each part of the book varies significantly the underlying principles behind the teaching about ritual and social justice in the various parts of the book of Isaiah are the same Furthermore these principles are cultic in nature and in accord with priestly teaching Far from being anti ritualistic the studied texts are concerned with what can be labelled The Ethical Dimension of Cult The reason behind the variations of the role of cult and ethics in the book called Isaiah seems to be cultic as well namely the purity or impurity of the people and the land before during and after the Babylonian exile

Authorizing an End Polaski, 2021-10-01 Breaking with common views on Jewish proto apocalyptic literature in a postmodern manner this work approaches one particular proto apocalyptic text Isaiah 24 27 the so called Isaiah Apocalypse intertextually This reading finds that the Isaiah Apocalypse redeploys and controls other texts helping secure the authority of those texts as well as its own vision of the end The first chapter surveys approaches to late Israelite prophecy and presents a new intertextual way of viewing this material The chapters that follow investigate the eternal covenant and its role in intertextual space Isaiah 25 s construal of Israel s relationship to other nations the central role of the righteous in Isaiah 26 and Isaiah 27 which points towards the victory of YHWH s order over chaos Readers interested in the development of Jewish apocalyptic literature the social arrangements of second Temple Judaism and postmodern treatments of biblical texts will find this volume useful *Exegetical Crossroads* Georges Tamer, Regina Grundmann, Assaad Elias Kattan, Karl Pinggéra, 2017-12-18 The art of interpreting Holy Scriptures flourished throughout the culturally heterogeneous pre modern Orient among Jews Christians and Muslims Different ways of interpretation developed within each religion not without considering the others How were the interactions and how productive were they for the further development of these traditions Have there been blurred spaces of scholarly activity that transcended sectarian borders What was the role played by mutual influences in profiling the own tradition against the others These and other related questions are critically treated in the present volume **Intertextual Explorations in Deuterocanonical and Cognate Literature** Jeremy Corley, Geoffrey David Miller, 2019-05-06 This volume explores the fundamentals of intertextual methodology and summarizes

recent scholarship on studies of intertextuality in the deuterocanonical books The essays engage in comparison and analysis of text groups and motifs between canonical deuterocanonical and non biblical texts Moreover the book pays close attention to non literary relationships between different traditions a new feature of research in intertextuality

The Origins of Biblical Monotheism Mark S. Smith, 2003-11-06 One of the leading scholars of ancient West Semitic religion discusses polytheism vs monotheism by covering the fluidity of those categories in the ancient Near East He argues that Israel's social history is key to the development of monotheism

The Elusive Prophet Johannes de Moor, 2021-10-01 The Israelite prophets as historical persons as literary characters and as anonymous artists Whereas modern methods of literary analysis have brought the artistic qualities of the books of the Prophets increasingly into focus during the past century various modes of deconstruction have made the historical prophets themselves an ever more elusive phenomenon Passages in the Old Testament describing their work and experiences are not read as biography anymore but as literary fiction intended to picture the prophets as heroes of faith The real prophets were the anonymous artists who were responsible for the final editing of the legacy of the historical prophets and who often used the authority of their predecessors to promulgate their own theological views This volume brings together studies about this theme by members of the British and Dutch societies for Old Testament study Attempts to recover some of the biographical data and authentic experiences of the prophets alternate with penetrating analyses of the theological depth and stylistic virtuosity of the prophetic books The volume will be particularly useful to all those interested in the interpretation of the prophetic books of the Old Testament

Persian Royal-Judaean Elite Engagements in the Early Teispid and Achaemenid Empire Jason M. Silverman, 2019-11-14 Jason Silverman presents a timely and necessary study advancing the understanding of Achaemenid ideology and Persian Period Judaism While the Achaemenid Persian Empire c 550-330 BCE dwarfed all previous empires of the Ancient Near East in both size and longevity the royal system that forged and preserved this civilisation remains only rudimentarily understood as is the imperial and religious legacy bequeathed to future generations In response to this deficit Silverman provides a critically sophisticated and interdisciplinary model for comparative studies While the Achaemenids rebuilt the Jerusalem temple Judaean literature of the period reflects tensions over its Persian re-establishment demonstrating colliding religious perspectives Although both First Zechariah 1:8 and Second Isaiah 40:5 are controversial the greater imperial context is rarely dealt with in depth both books deal directly with the temple's legitimacy and this ties them intimately to kings' engagements with cults Silverman explores how the Achaemenid kings portrayed their rule to subject minorities the ways in which minority elites reshaped this ideology and how long this impact lasted as revealed through the Judaean reactions to the restoration of the Jerusalem temple

The Early History of God Mark S. Smith, 2002-08-03 Foreword by Patrick D Miller In this remarkable acclaimed history of the development of monotheism Mark S Smith explains how Israel's religion evolved from a cult of Yahweh as a primary deity among many to a fully defined monotheistic faith with Yahweh as sole god

Repudiating the traditional view that Israel was fundamentally different in culture and religion from its Canaanite neighbors this provocative book argues that Israelite religion developed at least in part from the religion of Canaan Drawing on epigraphic and archaeological sources Smith cogently demonstrates that Israelite religion was not an outright rejection of foreign pagan gods but rather was the result of the progressive establishment of a distinctly separate Israelite identity This thoroughly revised second edition of *The Early History of God* includes a substantial new preface by the author and a foreword by Patrick D Miller

Way Metaphors and Way Topics in Isaiah 40-55 Øystein Lund, 2007 Øystein Lund gives a new approach to texts in Isaiah 40 55 that deal with ways and desert transformation Earlier exegesis has mainly read these texts in a literal way In recent years exegetes have pointed out that the so called exodus texts should rather be interpreted metaphorically The author supports this and accordingly seeks to continue this discourse by systematizing intensifying and deepening the argumentation for a metaphorical reading He argues that most of the way texts in Isaiah 40 55 are interrelated and gradually contribute to explore questions regarding the way situation of the people The way theme appears in the prologue and in 40 27 a problem approach is established when the people is addressed How can you say O Jacob and speak O Israel My way is hidden from the LORD and my right passes by my God Several subsequent way texts are related to this text and together these draw a coherent picture in which the problematic way situation of the people in the past and present is transformed JHWH establishes new ways in which he leads his people through their difficult landscape Øystein Lund argues that such a coherent reading of the way texts gives good meaning which is consistent with the over all message of Isaiah 40 55
