A Psychologists Casebook Of Crime From Arson To Voyeurism:

A Psychologist's Casebook of Crime Belinda Winder, Philip Banyard, 2017-09-16 From burglary to stalking *A Psychologist's Casebook of Crime* is the indispensable book for forensic psychology students It tackles a wide range of offences such as arson domestic violence terrorism and murder and its A to Z format provides all of the important information in a readily accessible way Its chapter structure allows you to compare different crimes according to facts figures and typical offender profiles while providing fascinating case studies and a psychological perspective specific to each crime With contributions from authors who are experts in their field this innovative text provides an up to date review of how forensic psychologists think about and deal with a variety of crimes This accessible student friendly book is the perfect accompaniment for anyone wishing to learn more about forensic psychology

Voyeurism Simon Duff, 2018-08-02 This book is amongst the first of its kind in presenting a case study of voyeurism from a forensic psychology perspective and within the societal context Simon Duff provides an in depth description of the assessment formulation and treatment of a voyeur and offers a theoretical basis for the behaviour The book begins by covering a variety of explanations and previous treatments for voyeurs including learning theories and the aversive treatments that they give rise to It then moves on to focus on one specific case study a young man who has exhibited diversity in his voyeuristic offending before examining relevant details of his experiences in order to develop a formulation of his thinking and behaviour The formulation and resultant intervention are clearly and accessibly presented followed by a discussion of how this case provides direction for further research developments in our theoretical basis for understanding voyeurism and directions for assessment and intervention

New Perspectives on Arson and Firesetting Faye Horsley, 2021-09-28 *New Perspectives on Arson and Firesetting The Human Fire Relationship* is the first forensic text to move away from a sole focus on anti social firesetting The author presents a broader investigation of the role of fire in human life with a view to informing research and practice This book examines the evolutionary psychological and social significance of fire Drawing on interdisciplinary literature and original research data it challenges the existing understanding of arson and firesetting A new concept fire use is introduced which is conceptualised as sitting on a continuum from non criminalised to criminalised behavior The author combines her experience as a practitioner forensic psychologist with her own research to consider the practical application of an alternative perspective This includes a particular focus on the assessment and treatment of fire setters and a call for a socially informed approach to prevention The forensic scope applied focus and emphasis on the importance of interdisciplinary research and practice makes *New Perspectives on Arson and Firesetting* essential reading for students in fields such as anthropology sociology criminology and psychology as well as interdisciplinary scholars forensic practitioners and allied professionals The author is donating her royalties in full to Pancreatic Cancer UK

The Paraphilias J. Paul Fedoroff, 2019-10-21 Of the thousands of papers and books about problematic sexual behaviors most focus solely on sex crimes or so called hyper sexuality or sexual addiction Together these

publications present a grim and pessimistic prognosis for anyone who has unusual sexual interests of any type This book challenges that view by providing a more informed and balanced review of what is known and what is not known about unconventional sexual interests It is based on approximately thirty years of experience by the author concerning the assessment and treatment of paraphilias and unconventional sexual interests The Paraphilias Changing Suits in the Evolution of Sexual Interest Paradigms examines current and past perspectives concerning unconventional sexual interests associated with both criminal and non criminal activities Extensively referenced it challenges the dogma that sexual interests are immutably determined during a single critical period and are thereafter unchangeable The book provides extensive case histories and tables summarizing over 100 paraphilias and the latest research regarding them It also reviews diagnostic criteria for the paraphilias Analyses of current and past paradigms are presented together with new ways to understand investigate and provide meaningful and effective assistance to people with paraphilias It is written for mental health clinicians and specialists in the fields of sexology and forensic psychiatry and psychology

Encyclopedia of Street Crime in America Jeffrey Ian Ross,2013-03-01 Anyone living or working in a city has feared or experienced street crime at one time or another whether it be a mugging purse snatching or a more violent crime In the U S street crime has recently hovered near historic lows hence the declaration of certain analysts that street life in America has never been safer But is it really Street crime has changed over past decades especially with the advent of surveillance cameras in public places the territory of the street criminal but at the same time criminals have found ways to adapt This encyclopedic reference focuses primarily on urban lifestyle and its associated crimes ranging from burglary to drug peddling to murder to new more sophisticated forms of street crime and scams This traditional A to Z reference has significant coverage of police and courts and other criminal justice sub disciplines while also featuring thematic articles on the sociology of street crime Features Benefits 175 signed entries within a single volume in print and electronic formats provide in depth coverage to the topic of street crime in America Cross References and Suggestions for Further Readings guide readers to additional resources Entries are supported by vivid photos and illustrations to better bring the material alive A thematic Reader s Guide groups related entries by broad topic areas and within the electronic version combines with Cross References and a detailed Index for convenient search and browse capabilities A Chronology provides readers with a historical perspective of street crime in America Appendices provide sources of data and statistics annotated to highlight their relevance

Sexual Perversions and Paraphilias: An A to Z Mark Griffiths,2024-12-01 Paraphilias from the Greek beyond usual or typical love are uncommon types of sexual expression often more commonly described as sexual deviations sexual perversions or disorders of sexual preference They are accompanied by intense sexual arousal and may appear bizarre or at the extreme end of the sexual continuum socially unacceptable For some paraphilic behaviour may be sporadic for others it may be compulsive or addictive This is both an important and timely book Some content is likely to be considered by many as truly shocking and horrendous while other

material and case studies simply interesting baffling or perhaps even amusing To learn more you simply must open the book and read and because it s an A to Z you don t have to start at the beginning

Further Case Studies in Forensic Psychology Ruth J. Tully,Jennifer Bamford,2022-12-30 This unique book offers valuable insights into the often hidden world of forensic psychological assessment and intervention It follows on from Case Studies in Forensic Psychology 2019 and presents a range of detailed clinical case studies of adults and young people across secure and community settings The case studies represent individuals with several different forms of offending histories such as sexual and violent offending and various clinical diagnoses including autism and acquired brain injury Each chapter details the individual s personal background offending any relevant psychiatric or psychological diagnoses and treatments The chapters end with an intensive discussion on the outcomes for that case and its wider implications This book allows the readers to understand the on ground clinical practice and day to day role of a forensic psychologist by demonstrating the work undertaken behind the empirical research and highlighting the complexities to which psychologists need to apply their expertise It also brings together treatment models and forensic research to establish how theory translates into practice and consider whether it is effective at an individual level Further Case Studies in Forensic Psychology is key reading for psychologists clinicians and practitioners at any stage of their career in this rapidly expanding field It will also be useful for students of forensic psychology and those interested in the real life work of psychologists in forensic practice

Assessments in Forensic Practice Kevin D. Browne,Anthony R. Beech,Leam A. Craig,Shihning Chou,2017-05-08 Assessments in Forensic Practice A Handbook provides practical guidance in the assessment of the most frequently encountered offender subgroups found within the criminal justice system Topics include criminal justice assessments offenders with mental disorders family violence policy and practice

A Psychologists Casebook Of Crime From Arson To Voyeurism Introduction

In today's digital age, the availability of A Psychologists Casebook Of Crime From Arson To Voyeurism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of A Psychologists Casebook Of Crime From Arson To Voyeurism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of A Psychologists Casebook Of Crime From Arson To Voyeurism books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing A Psychologists Casebook Of Crime From Arson To Voyeurism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, A Psychologists Casebook Of Crime From Arson To Voyeurism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing A Psychologists Casebook Of Crime From Arson To Voyeurism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project

Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for A Psychologists Casebook Of Crime From Arson To Voyeurism books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, A Psychologists Casebook Of Crime From Arson To Voyeurism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of A Psychologists Casebook Of Crime From Arson To Voyeurism books and manuals for download and embark on your journey of knowledge?
