media criticism Maria San Filippo aims to explore the central role bisexuality plays in contemporary screen culture establishing its importance in representation marketing and spectatorship By examining a variety of media genres including art cinema sexploitation cinema and vampire films bromances and series television San Filippo discovers missed moments where bisexual readings of these texts reveal a more malleable notion of subjectivity and eroticism San Filippo s work moves beyond the subject of heteronormativity and responds to compulsory monosexuality where it s not necessarily a couple s gender that is at issue but rather that an individual chooses one or the other The B Word transcends dominant relational formation gay straight or otherwise and brings a discursive voice to the field of queer and film studies
