Advanced Mathematics An Incremental Development:

Advanced Mathematics John H. Saxon, Jr., John H. Saxon, 1996 Topics from algebra trigonometry discrete mathematics and mathematical analysis are interwoven in the 125 lessons that comprise this integrated text **Advanced Mathematics** John H. Saxon, Jr., Saxon, 1999-07 Saxon math programs produce confident students who are not only able to correctly compute but also to apply concepts to new situations These materials gently develop concepts and the practice of those concepts is extended over a considerable period of time This is called incremental development and continual review Material is introduced in easily understandable pieces increments allowing students to grasp one facet of a concept before the next one is introduced Both facets are then practiced together until another one is introduced This feature is combined with continual review in every lesson throughout the year Topics are never dropped but are increased in complexity and practiced every day providing the time required for concepts to become totally familiar Advanced Mathematics second edition is made up of five instructional components Introduction of the New Increment Examples with complete Solutions Practice of the Increment Daily Problem Set and Cumulative Tests In Advanced Mathematics topics from algebra geometry trigonometry discrete mathematics and mathematical analysis are interwoven to form a fully integrated text A rigorous treatment of Euclidean geometry is also presented Word problems are developed throughout the problem sets and become progressively more elaborate With this practice students will be able to solve challenging problems such as rate problems and work problems involving abstract quantities A graphing calculator is used to graph functions and perform data analysis Conceptually oriented problems that prepare students for college entrance exams such as the ACT and SAT are included in the problem sets This set contains a student text answer key and test forms A solutions manual is sold separately Grade 11
