Routledge Library Editions: Historiography Various, 2021-06-23 The greatest problem in historical scholarship theoretically and practically is the relation between historians and their subject matter The past is gone and historians can only study its remnants On what basis do scholars select certain facts from the mass of data left from the past How do they

explain the interrelationship of the facts they select What criteria do they use to evaluate their subject The 35 volumes in this set originally published between 1926 and 1990 discuss and answer these essential questions faced by historians The development of historical understanding during the 18th and 19th centuries was one of the most striking features of Western culture Both historiography and historical thinking advanced as never before The historical movement of the 19th century was perhaps second only to the scientific revolution of the seventeenth century in transforming Western thought One consequence was extensive organisation and professionalization of research which the volumes in this set reflect

Routledge Library Editions: Development Mini-Set G: Education and Development Various, 2022-08-04 Routledge Library Editions Development will re issue works which address economic political and social aspects of development Published over more than four decades these books trace the emergence of development as one of the most important contemporary issues and one of the key areas of study for modern social science The books cover the most important themes within development and include studies of Latin America Africa and Asia Authors include Sir Alexander Cairncross W Arthur Lewis Lord Peter Bauer and Cristobal Kay An extensive collection of previously hard to access or out of print books this set presents an unrivalled opportunity to build up a wealth of material in the field of development studies with a particular focus upon economic and political concerns The volumes in the collection offer both a global overview of the history of development in the twentieth century and a huge variety of case studies on the development of individual nations *The Geography of English Politics* R. J. Johnston, 2014-10-03 This book illustrates the degree of variability in voting behaviour within social groups and suggests reasons for that variability It reviews and critiques conventional analyses and presents statistical analyses of the geography of voting in England The book reveals that substantial geographical variations exist in the widely held generalisations such as that white collar owner occupiers favour the Conservatives or that blue collar council tenants prefer Labour **Handbook of Research on Entrepreneurial Ecosystems and Social Dynamics in a Globalized World** Carvalho, Luísa Cagica, 2017-11-30 Globalization demands the construction of new business methods to enable companies to remain highly competitive Due to this demand cultural differences are now being implemented into policies and procedures as companies expand and seek to collaborate with international entrepreneurs The Handbook of Research on Entrepreneurial Ecosystems and Social Dynamics in a Globalized World is a pivotal reference source for emergent aspects of internationalization and regional development in an entrepreneurial context Featuring extensive coverage on relevant areas such as digital entrepreneurship sustainability and financial performance this publication is an ideal resource for academics public and private institutions developers professors researchers and post graduate students seeking current research on globalized entrepreneurship
