Baroque String Playing For Ingenious Learners:

Baroque String Playing for Ingenious Learners Judy Tarling, 2000 **Baroque String Playing; for ingenious learners - med 1 CD** Judy Tarling, The Baroque Cello Revival Paul R. Laird, 2004-09-20 This resource considers the Baroque cello's revival as part of the period instrument movement from the viewpoints of over forty cellists from three generations and four luthiers who have worked on period cellos. What emerges is a nuanced and detailed picture of the cello in the past and present and the varied instruments now played under the label Baroque cello. Period instruments played with appropriate techniques have become a major presence in classical music in recent decades. For the cello which changed substantially between the end of the sixteenth and early eighteenth centuries it is challenging to describe specific traits for certain time periods let alone how it was played in those periods. By chronicling the searches of over forty top cellists in England, Europe and North America the author goes far in revealing the great variety of forms that exist. This is the first study in which the revival of a single period instrument has been considered in such qualified detail and will be of great interest to musicologists, luthiers and anyone interested in string history. The Baroque Violin & Viola Walter S. Reiter, 2020-09-28 A groundbreaking pedagogical work. The Baroque Violin Viola Volume I: A Fifty Lesson Course blends Walter Reiter's experience as a renowned teacher and performer to guide the reader through the techniques and interpretive complexities of the Baroque violin repertoire. **The Baroque Violin & Viola** Walter Reiter, 2020 In the early seventeenth century enthusiasm for the violin swept across Europe; this was an instrument capable of bewitching virtuosity with the power to express emotions in a way only before achieved with the human voice. With this new guide to the Baroque violin and its close cousin the Baroque viola, distinguished performer and pedagogue Walter Reiter puts this power into the hands of today's players. Through fifty lessons based on the Reiter's own highly renowned course at The Royal Conservatory of the Hague, *The Baroque Violin Viola Volume II* provides a comprehensive exploration of the period's rich and varied repertoire. The lessons in Volume II cover the early seventeenth-century Italian sonata, music of the French Baroque, the Galant style and the sonatas of composers like Schmelzer, Biber and Bach. Practical exercises are integrated into each lesson and accompanied by rich video demonstrations on the book's companion website. Brought to life by Reiter's deep insight into key repertoire based on a lifetime of playing and teaching, *The Baroque Violin Viola Volume II: A Fifty Lesson Course* will enhance performances of professional and amateur musicians alike. A Performer's Guide to Seventeenth-Century Music Stewart Carter, 2012-03-21 Revised and expanded. *A Performer's Guide to Seventeenth-Century Music* is a comprehensive reference guide for students and professional musicians.
