Guidelines for Police Performance Appraisal, Promotion and Placement Procedures Sidney Epstein, Richard S.

Laymon, 1973 These guidelines are intended to provide instruction and guidance to police managers and supervisors concerned with carrying out personnel appraisal responsibilities Data used in developing the guidelines were gathered from a literature review covering performance appraisal promotion and placement functions as well as a survey of personnel procedures followed by over 200 police departments throughout the country While the emphasis here is on the patrolman position and his promotion either to corporal or sergeant or his transfer to a lateral position to investigations or technical support the guidelines are applicable to other police positions The three substantive areas covered in the guidelines include performance appraisal promotion and placement each section contains information on existing technologies and practices and specific recommendations for procedural improvements 7 figures and 14 references **Manager Onboarding** Sharlyn Lauby, 2017-10-20 Managers play a vital role in onboarding but rarely receive onboarding themselves Manager Onboarding offers HR and business leaders a practical roadmap for creating structured onboarding programs specifically for managers whether newly hired or recently promoted While onboarding touches nearly every part of the employee lifecycle this book zeroes in on the early stage support managers need to succeed From recruiting and training to coaching and performance management managers must lead confidently and yet often lack the same foundation we give new hires Filled with real world examples stories and actionable advice this book blends just enough theory with proven practices to help organizations build programs that elevate leadership from day one **The No Club** Linda Babcock, Brenda Peyser, Lise Vesterlund, Laurie

Weingart, 2022-05-03 In this long overdue manifesto on gender equality in the workplace Angela Duckworth bestselling author of Grit The No Club offers a timely call and an action plan to unburden women from work that goes unrewarded The No Club started when four women crushed by endless to do lists banded together to get their work lives under control Working harder than ever they still trailed behind their male colleagues And so they vowed to say no to requests that pulled them away from the work that mattered most to their careers Their over a decade long journey and subsequent groundbreaking research reveals that women everywhere are unfairly burdened with non promotable work a tremendous problem we can and must solve All organizations have work that no one wants to do planning the office party screening

interns attending to that time consuming client or simply helping others with their work A woman most often takes on these tasks In study after study the original No Club professors Linda Babcock bestselling author of Women Don t Ask Brenda Peyser Lise Vesterlund and Laurie Weingart document that women are disproportionately asked and expected to do this work The imbalance leaves women overcommitted and underutilized as companies forfeit revenue productivity and top talent The No Club walks through how any woman can rebalance her workload empowering individuals to make savvy decisions about the work they take on The authors also illuminate how organizations can reassess how they assign and reward work to level the playing field With hard data personal anecdotes from women of all stripes self and workplace assessments for immediate use and innovative advice from the authors consulting with Fortune 500 companies this book will forever change the conversation about how we advance women s careers and achieve equity in the 21st century
