Barker, Joanne S. Lockwood**

Basic College Mathematics An Applied Approach Available Titles Coursemate:

Basic College Mathematics: An Applied Approach Richard N. Aufmann, Joanne Lockwood, 2010-01-01 As in previous editions the focus in BASIC COLLEGE MATHEMATICS AN APPLIED APPROACH remains on the Aufmann Interactive Method AIM Students are encouraged to be active participants in the classroom and in their own studies as they work through the How To examples and the paired Examples and You Try It problems The role of active participant is crucial to success Presenting students with worked examples and then providing them with the opportunity to immediately work similar problems helps them build their confidence and eventually master the concepts To this point simplicity plays a key factor in the organization of this edition as in all other editions All lessons exercise sets tests and supplements are organized around a carefully constructed hierarchy of objectives This objective based approach not only serves the needs of students in terms of helping them to clearly organize their thoughts around the content but instructors as well as they work to design syllabi lesson plans and other administrative documents The Ninth Edition features a new design enhancing the Aufmann Interactive Method and the organization of the text around objectives making the pages easier for both students and instructors to follow Important Notice Media content referenced within the product description or the product text may not be available in the ebook version Basic College Mathematics: An Applied Approach, Student Support Edition Richard Aufmann, Vernon C. Barker, Joanne Lockwood, 2007-12-26 The Student Support Edition of Basic College Mathematics 8 e brings comprehensive study skills support to students and the latest technology tools to instructors In addition the program now includes concept and vocabulary review material assignment tracking and time management resources and practice exercises and online homework to enhance student learning and instruction With its interactive objective based approach Basic College Mathematics provides comprehensive mathematically sound coverage of topics essential to the basic college math course The Eighth Edition features chapter opening Prep Tests real world applications and a fresh design all of which engage students and help them succeed in the course The Aufmann Interactive Method AIM is incorporated throughout the text ensuring that students interact with and master concepts as they are presented Important Notice Media content referenced within the product description or the product text may not be available in the ebook version *Basic College Mathematics* Richard N. Aufmann, Vernon C. Barker, Joanne S. Lockwood, 2002-03-01 Basic College Mathematics provides mathematically sound and comprehensive coverage of the topics considered essential in a basic college math course The Aufmann Interactive Method ensures that students master concepts by actively practicing them as they are introduced This approach is ideal for traditional and returning students in both classroom and distance learning environments For the Sixth Edition topics from geometry have been integrated into the text using verbal explanations In addition coverage of simple interest Chapter 6 has been expanded Eduspace is Houghton Mifflin's online learning tool Powered by Blackboard Eduspace is a customizable powerful and interactive platform that provides instructors with text specific online courses and

content The Aufmann Barker Lockwood Basic College Mathematics course features even numbered questions from the book and test bank content in question pools **Basic College Mathematics** Richard N.
