Bone Fires Mark Jarman, 2011 Jarman is a poet in whose work intelligence is as important obvious and strong as emotion
Booklist **Breath Lines** Jan Schreiber, 2025-05-20 *Breath Lines* takes a fresh and down to earth approach to encounters with poetry In these accessible non technical essays Jan Schreiber offers insightful strategies for reading and understanding works that many people have found challenging The essays address critical areas of poetic craft and interpretation the content of poems including narrative techniques and the voices a poet creates the character and power of verse lines and the problems attending the translation of metrical poems challenges of interpretation including complex philosophies and obscure references and a look at the future of the art hinted by the competing styles and allegiances of contemporary writers Each essay offers pertinent verse examples to illustrate metrical rhetorical and stylistic issues Schreiber s commentaries explain how a reader s careful attention can be rewarded with a deeper understanding of the multiple meanings embedded in apparently simple poems and how readers can thereby experience an emotional impact not always perceived on a first reading Designed for writers students and passionate readers *Breath Lines How Poems Work and Why They Matter* offers guidance into some of the art form s more arcane mysteries written by a distinguished poet and critic **The Odeon** Daniel Tobin, 2025-08-11 *The Odeon* a new volume of essays by the celebrated poet and critic Daniel Tobin takes its title from the classical Greek and Roman buildings designed for the presentation of musical and poetic compositions Organized around the question of sensibility with its various social philosophical and aesthetic connotations the collection presents a sequence of related essays exploring both resonances and dissonances in the traditions of modern and contemporary poetry Although Tobin surveys a broad spectrum of works ranging from John Donne and Emily Dickinson to writers from the twenty first century such as Mark Doty Louise Glück and Carl Phillips his emphasis remains on details of poetic practice technique metaphysical outlook and artistic aspiration What most informs these essays is Tobin s own practice as a poet his own sensibility which is at once eclectic and yet very much calibrated to matters of what one theologian termed ultimate concern *The Odeon* offers an incisive foray into the state of the art of poetry in our time **The Turning Aside** D. S. Martin, 2016-11-09 *The Turning Aside* is about stepping out of our routines like Moses turning from tending sheep like a certain man selling his everything to buy a field to take time to consider the ways of God in the company of some of the finest poets of our time Turn aside with such established poets as Wendell Berry Les Murray Luci Shaw Elizabeth Jennings Richard Wilbur Dana Gioia and Christian Wiman and respond to their invitation for us to muse along with them Walk with poets from various parts of the planet even though some of them are less known whose words have been carefully crafted to encourage us in our turning aside *The Turning Aside* is a collection of Christian poetry from dozens of the most spiritually insightful poetic voices of recent years It is a book I have long dreamed of compiling and it has grown beyond my mere imagining in its fulfillment [Able Muse, Summer 2017 \(No. 23 - print edition\)](#) Emily Grosholz, Terese Coe, Frederick Wilbur, Catharine
